Professional Summary

Full Stack Developer with 2+ years of experience in React and Node.js, specialized in responsive, pixel-perfect implementations. I've developed and deployed more than 10 freelance and educational projects, including landing pages, e-commerces, AI-powered chatbots, 3D animations, backend services, APIs, and database integrations. I'm currently looking to make the leap into a full-time role to accelerate my professional growth.

Skills

Languages: Java, JavaScript, TypeScript, Python, Bash (Scripting)

Frameworks: Next.js, Node.js, Express.js

Libraries: React, Tailwind CSS, Material UI

Databases: PostgreSQL, SQLite3, MongoDB

Other: GitHub, Claude Code, Scrum, Figma
